# Welcome

Welcome to Trinity College London's Acoustic Guitar syllabus containing details of graded exams from Initial to Grade 8. It offers the choice and flexibility to allow guitarists to play to their strengths, offering wide-ranging contemporary pieces and fingerstyle, plectrum, backing and duet options, as well as structured and relevant technical work. These elements are designed to progressively develop the skills and techniques guitarists really need from the early grades right the way through to Grade 8.

## Styles

This syllabus bridges the gap between classical and electric guitar, incorporating folk, acoustic, rock and pop, jazz, blues and country styles. It reinvents the popular Plectrum Guitar exams and ensures relevance to contemporary guitarists by giving teachers and learners the flexibility to develop both fingerstyle and plectrum playing. All pieces are available in both standard and TAB notation so are accessible for any learner.

## Techniques

The technical work is relevant to a whole range of popular music styles as it includes chord patterns and progressions, jazz scales, blues scales and modes in addition to the standard scales and arpeggios. Many of the pieces, particularly at the lower grades, can be played either with fingers or plectrum to suit learner preference.

## Books and backing tracks

Backing tracks recorded by professional session players allow guitarists to learn crucial ensemble skills by practising as part of a band. There are three books available – for Initial to Grade 2, Grades 3-5 and Grades 6-8 – which contain a wide range of styles, allowing candidates to follow distinct stylistic pathways as they progress.

## Pro-skills

Developed by professional guitarists, our online support resources show you what an exam is like, explore professional technique and look at where our exams can take you. Access them at [trinitycollege.com/acoustic-guitar-resources](http://trinitycollege.com/acoustic-guitar-resources)

We hope you enjoy exploring the music on offer in this syllabus and we wish you every success in the exams and your wider music-making.

# Introduction to Trinity's graded music exams

## OBJECTIVE OF THE QUALIFICATIONS

Trinity's graded music exams provide a structured yet flexible framework for progress, which enables learners to demonstrate their own musical personality and promotes enjoyment in music performance.

The exams assess performance, technical ability and responses to set musical tests through face-to-face practical assessment. They offer learners of any age the opportunity to measure their development as performers against a series of internationally understood benchmarks, taking them from beginner level to the point where they can progress to higher education in music, or enter for Trinity's performance diplomas.

## WHO THE QUALIFICATIONS ARE FOR

Trinity's graded music exams are open to all learners, with no age restrictions or other limitations. There is no requirement to have passed lower grades, theory exams or other qualifications, although the grades represent a system of progressive mastery and the outcomes for each level assume confidence in the requirements of previous grades.

Repertoire selection and other exam content is designed to appeal to learners of all ages and backgrounds, reflecting the diversity of candidates.

Trinity is committed to making its exams accessible to all, and each candidate is treated individually when considering how assessments can be adapted for those with special needs. Find out more at [trinitycollege.com/music-csn](http://trinitycollege.com/music-csn)

## ASSESSMENT AND MARKING

Trinity's graded music exams are assessed by external examiners trained and moderated by Trinity. Examiners provide marks and comments for each component of the exam using the assessment criteria on pages 32-37.

The exams are marked out of 100. Candidates' results correspond to different attainment levels as follows:

<b>Mark</b>	<b>Attainment level</b>
87-100	DISTINCTION
75-86	MERIT
60-74	PASS
45-59	BELOW PASS 1
0-44	BELOW PASS 2

See pages 30-37 for further information about how the exams are marked.

## DURATION OF STUDY (TOTAL QUALIFICATION TIME)

All regulated qualifications are assigned a total qualification time. This should be used as guidance only. Total qualification time is an estimate of the average time a candidate spends with a teacher (guided learning hours) added to the average time spent learning independently. It is recognised that the amount of time needed to commit to a qualification will be dependent on each individual's level of experience.

	<b>Guided learning hours (GLH)</b>	<b>Independent learning hours (ILH)</b>	<b>Total qualification time (TQT) (hours)</b>

Grade 1	12	48	60

## RECOGNITION AND UCAS POINTS

Trinity College London is an international exam board regulated by Ofqual (Office of Qualifications and Examinations Regulation) in England, CCEA Regulation in Northern Ireland and by Qualifications Wales. Various arrangements are in place with governmental education authorities worldwide.

In the UK, Grades 6-8 are eligible for UCAS (Universities and Colleges Admissions Service) points for those applying to colleges and universities, as follows:

### Grade 6

## WHERE THE QUALIFICATIONS COULD LEAD

While for some learners graded music exams represent a personal goal or objective, they can also be used as a progression route towards:

- Diplomas in performing and teaching offered by Trinity or by other awarding organisations
- Music courses at conservatories and universities, for which Grade 8 is often specified as an entry requirement
- Employment opportunities in music and the creative arts

## HOW TO ENTER FOR AN EXAM

Exams can be taken at Trinity's public exam centres, which are available throughout the world. Details are available at [trinitycollege.com/worldwide](http://trinitycollege.com/worldwide), and candidates should contact their local Trinity representative for more information.

Alternatively, in the UK, schools and private teachers with sufficient candidates may apply for an exam visit. Details are available at [trinitycollege.com/exam-visit](http://trinitycollege.com/exam-visit)

## TRINITY QUALIFICATIONS THAT COMPLEMENT THE ACOUSTIC GUITAR QUALIFICATIONS

Trinity's music qualifications offer flexible progression routes from beginner to advanced levels in a range of musical styles. All are designed to help candidates develop as musicians according to their individual needs as learners.

Graded music exams assess a broad range of musicianship skills, including performance, while certificate exams focus entirely on performance, including separate marks for presentation skills. Find more information about certificate exams at [trinitycollege.com/music-certificates](http://trinitycollege.com/music-certificates)

Trinity's graded Rock & Pop exams are available for bass, drums, guitar, keyboards and vocals. Find out more at [trinityrock.com](http://trinityrock.com)

Candidates can enter any combination of graded or certificate exams, and do not need to pass any particular level in order to proceed to a higher level.

Theory exams are available from Grade 1 to support learners to develop their understanding of the technical language of music. However, no theory qualifications or other prerequisites are required to enter graded or certificate exams at any level. Find out more at [trinitycollege.com/theory](http://trinitycollege.com/theory)

## OTHER QUALIFICATIONS OFFERED BY TRINITY

After Grade 8 or the Advanced Certificate classical music exams, candidates can progress to diplomas at Associate (ATCL), Licentiate (LTCL) and Fellowship (FTCL) levels. # Exam guidance: Pieces

## CHOOSING PIECES

- ▶ Candidates play three pieces in their exam, freely chosen from the list for the grade.
- ▶ An own composition may be performed in place of one of the listed pieces (see pages 15-17).

## PERFORMANCE AND INTERPRETATION

- ▶ Candidates should prepare all pieces in full unless stated otherwise in this syllabus.
- ▶ Candidates should observe all repeats, *da capo* and *dal segno* instructions, unless stated otherwise in this syllabus.
- ▶ All tempo and performance markings should be observed (eg *allegro*, *rall.*, *cresc.*).
- ▶ Metronome marks are given as a guide but do not need to be observed exactly, as long as the style and character of the piece is maintained.
- ▶ Candidates may perform any or all of their pieces from memory if they wish. However, this is not compulsory and no additional marks are given for this.

## INSTRUMENTS AND AMPLIFICATION

- ▶ Candidates may use any acoustic guitar (nylon or steel strings) at any grade.
- ▶ Alternatively, an electro-acoustic guitar may be used at any grade.

- ▶ Candidates playing electro-acoustic guitars may use an amplifier, but this is not compulsory. Candidates would need to provide their own amplifier.
- ▶ Candidates playing electro-acoustic guitars may use pedals or effects where appropriate (eg reverb, delay, compressor and/or chorus), but these are not compulsory.
- ▶ Electric guitars (solid or hollow body) may not be used at any grade.
- ▶ Candidates can choose to use a plectrum or finger strokes, or a combination.
- ▶ Younger candidates may use half- or three-quarter-sized instruments.

## TUNING

- ▶ Up to and including Grade 5, teachers may assist with tuning. At Grades 6-8, candidates must tune their instruments without assistance.
- ▶ Electronic tuners may be used at any grade.

## PAGE TURNS

- ▶ Examiners are not able to act as page turners.
- ▶ Difficult page turns may be overcome by photocopying the relevant pages.

## DUETS

- ▶ Duet options are available at Initial to Grade 5.
- ▶ Candidates should play the upper part. The lower part may be performed live in the exam by a teacher, another adult or student. Alternatively, candidates can use the Trinity recording (available to download or stream with the SoundWise code printed in the book).

## BACKING TRACKS

- ▶ Backing tracks are available for selected pieces (available to download or stream with the SoundWise code printed in the book).
- ▶ The repertoire lists in this syllabus indicate whether backing tracks are optional or compulsory in the exam for applicable pieces.

## PLAYBACK EQUIPMENT IN THE EXAM

- ▶ Where Trinity duet recordings or backing tracks are used, candidates must bring them to the exam, and must provide and operate their own playback equipment. Equipment must produce a good sound quality at an adequate volume. Contact should be made with the centre well in advance to confirm the arrangements (power supply, equipment insurance, etc), which must be agreed with Trinity's local representative. All electrical devices must comply with health and safety requirements in the country where the exam is taking place.

## MUSIC AND COPIES

- ▶ Candidates should obtain the music for their exam in good time before entering for the exam, and they must bring it with them on the day of the exam.
- ▶ All pieces are published in our exam books, in both standard and TAB notation.
- ▶ We take copyright infringement seriously and require candidates to ensure their music comes from a legitimate source. Guidelines are available in the UK Music Publishers Association's *Code of Fair Practice*, available at [mpaonline.org.uk](http://mpaonline.org.uk). Candidates must comply with copyright and other intellectual property laws in the country where the exam is taking place.
- ▶ In accordance with the MPA's *Code of Fair Practice*, candidates must produce original copies of all pieces to be performed at the exam, even if pieces have been memorised, handwritten or typeset. Pieces where no original copy has been provided might be awarded no marks.

## OBTAINING MUSIC FOR THE EXAM

- ▶ All publications listed in this syllabus can be ordered at [trinitycollege.com/shop](http://trinitycollege.com/shop) or your local music shop.
- ▶ Trinity publishes exam books for acoustic guitar, as well as scales & arpeggios and specimen aural tests. See page 62 for more information.

## OWN COMPOSITION

- ▶ Candidates can choose to perform an own composition as one of their pieces. Own compositions are assessed in the same way as the listed pieces. Marks are not awarded for the quality of the composition.
- ▶ Own compositions must be comparable in technical and musical demand to the pieces listed for the same grade. Examples of optional compositional techniques that may be used at each level are listed on pages 16-17.
- ▶ A typeset or handwritten copy of the composition must be given to the examiner at the beginning of the exam. At Initial to Grade 5, own compositions may be notated in any easily readable form, including graphic score or lead-sheet. At Grades 6-8 they must be notated on a staff. Marks will be deducted if notation is incomplete or inaccurate, or if the performance varies significantly from the notation.
- ▶ Own compositions should be candidates' unaided work, although teachers may offer guidance as necessary.

# Exam guidance: Technical work

This section of the exam supports the development of technical skills by assessing candidates' performance in a range of technical work requirements relevant to popular music styles, including scales & arpeggios, chord sequences, cadences and exercises.

Candidates prepare all requirements set for the grade, and play a selection as requested by the examiner.

All technical work elements must be played from memory.

Candidates can choose to use a plectrum or finger strokes, or a combination. The plectrum strokes printed in Trinity's *Scales, Arpeggios & Studies* books must be observed if using a plectrum.

All scales and arpeggios are to be performed ascending then descending. A minimum pace is indicated, increasing gradually grade by grade.

Full details of all requirements are given in the *Scales, Arpeggios & Studies* books. All elements are presented in standard notation.

Further information about specific technical work requirements for each grade is given in the relevant sections of this syllabus.

# Exam guidance: Supporting tests

This section of the exam supports the development of broader musical skills by assessing candidates in two different supporting tests.

At Initial to Grade 5, candidates choose two supporting tests from four options:

- ▶ Sight reading
- ▶ Aural
- ▶ Improvisation
- ▶ Musical knowledge

At Grades 6–8, all candidates are assessed in sight reading, and choose *either* aural *or* improvisation for their second supporting test.

This flexibility is designed to allow candidates to demonstrate their musical skills in different ways, while recognising that sight reading is an important skill at higher grades.

## SIGHT READING

This test assesses candidates' ability to perform a previously unseen musical extract, at a level approximately two grades lower than the exam being taken. Our sight reading pieces are designed to be musically intuitive and natural, preparing candidates for real performance contexts.

Candidates are given 30 seconds to study the test before performing it, during which they may practise any or all of it aloud. Examiners do not give marks for this preparation period.

Sight reading tests may be played with or without a plectrum.

Specimen sight reading tests are available at [trinitycollege.com/acoustic-guitar-resources](http://trinitycollege.com/acoustic-guitar-resources)

Tests are presented in standard notation.

Technical expectations for the tests are given in the table on page 20. Lists are cumulative, meaning that tests may also include requirements from lower grades.

## AURAL

This test supports the development of candidates' abilities in musical perception and understanding by requiring them to recognise musical features by ear (for example metre, pulse, pitch and performance characteristics).

All questions are based on a single musical example played at the piano by the examiner. At most grades, candidates are asked to describe various features of the music such as dynamics, articulation, texture and style. Candidates are not required to sing.

Practice tests can be found in Trinity's *Aural Tests from 2017* books, available from [trinitycollege.com/shop](http://trinitycollege.com/shop) or from your local music shop.

## IMPROVISATION

Improvisation can develop creative musicianship skills that unlock a variety of musical styles and technical ability. Our tests are designed to introduce teachers and candidates to improvisation gradually, creatively and with a range of supporting resources.

This test assesses candidates' ability to improvise fluently, coherently and creatively in response to a musical stimulus. Candidates choose a stimulus from the following three options, indicating their choice of stimulus on the appointment form:

- ▶ Stylistic
- ▶ Motivic
- ▶ Harmonic

Tests are presented in standard notation.

Further guidance and example tests are available at [trinitycollege.com/supporting-tests](http://trinitycollege.com/supporting-tests)

### Stylistic stimulus

This option requires candidates to improvise over a notated piano part played by the examiner.

- ▶ Candidates are given a stimulus which includes the notated piano part and chord symbols. The stimulus begins with a two-bar introduction played by the examiner alone, followed by a further section over which candidates must improvise for a specified number of repeats.
- ▶ The examiner plays the stimulus twice for candidates' reference, without repeats.

- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. The examiner plays the stimulus again, and candidates join in after the introduction, improvising for the specified number of repeats. Candidates should aim to improvise in a way that complements the musical style of the stimulus.

### Motivic stimulus

This option requires candidates to improvise solo in response to a short melodic fragment.

- ▶ Candidates are given a notated melodic fragment, which the examiner plays twice on the piano for candidates' reference.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. Candidates should aim to improvise within the specified duration range and may begin by quoting the stimulus directly, developing their improvisation from there. However, they are not required to quote the stimulus directly, and may instead develop their improvisation from ideas taken from the stimulus such as a small group of notes or an interval. Responses must use the given time signature.

### Harmonic stimulus

This option requires candidates to improvise solo in response to a chord sequence.

- ▶ Candidates are given a notated chord sequence, including chord symbols, which the examiner plays twice on the piano for candidates' reference.
- ▶ Candidates are then given 30 seconds' preparation time, during which they may prepare for their improvisation aloud.
- ▶ The test then follows. Candidates should improvise for the specified number of repeats, following the chord sequence. Responses should contain melodic/rhythmic interest.

## MUSICAL KNOWLEDGE (Initial-Grade 5 only)

This test encourages learners to understand the wider musical context of the pieces they play, as well as their knowledge of notation and their instrument. Examiners ask carefully graded questions based on candidates' chosen pieces.

In the exam, candidates choose which piece they would like to be asked about first.

Examiners then choose a second piece for the remaining questions. Candidates' musical scores should be free of annotations that might aid their responses. Examiners usually point to the relevant part of the score when asking questions. Candidates can use American terms (eighth note, half note, etc) as an alternative to English terms (quaver, minim, etc).

The following table gives example questions and responses.

# Exam guidance: Marking

## HOW THE EXAM IS MARKED

Examiners give comments and marks for each section of the exam, up to the maximums listed in the table on page 12. It is not necessary to pass all sections or any particular section in order to achieve a pass overall. The total mark for the exam corresponds to different attainment levels as follows:

Total mark	Attainment level
87-100	DISTINCTION
75-86	MERIT
60-74	PASS
45-59	BELOW PASS 1
0-44	BELOW PASS 2

## HOW THE PIECES ARE MARKED

Each piece is awarded three separate marks corresponding to three specific musical components, allowing candidates to receive precise feedback about specific aspects of their performance. These marks combine to give a total mark for the piece.

The three components are:

### Fluency & accuracy

The ability to perform fluently, with a stable pulse and with an accurate realisation of the notation.

### Technical facility

The ability to control the instrument effectively, covering the various technical demands of the music.

### Communication & interpretation

The interpretation of the music and the way the performance conveys a sense of stylistic understanding and audience engagement.

Marks are awarded for these components to form a maximum total mark for each piece as follows:

Max. mark for each piece	Component
7	FLUENCY & ACCURACY
7	TECHNICAL FACILITY
8	COMMUNICATION & INTERPRETATION
<b>22</b>	<b>TOTAL MARK FOR EACH PIECE</b>

The total marks awarded for each piece correspond to the attainment levels as follows:

<b>Total mark for each piece</b>	<b>Attainment level</b>
19-22	DISTINCTION
16-18	MERIT
13-15	PASS
10-12	BELOW PASS 1

All provision is tailored to the particular needs of each candidate. In order to be most beneficial, as full an explanation as possible of the required provision should be given. The need and request for provision should be made on the appropriate form available to download from [trinitycollege.com/music-csn](http://trinitycollege.com/music-csn). ## **EXAM INFRINGEMENTS**

All exam infringements (eg choosing an incorrect piece) will be referred directly to Trinity's central office by the examiner. In situations where a centre is found to be inadequate or to be guilty of malpractice, either in terms of provision of facilities or in administration, the exam centre may be required to suspend all of its activities relating to Trinity exams until the cause of the problem is identified and rectified, if appropriate. In extreme circumstances, the centre may have its registered status withdrawn.

In the very rare cases or circumstances where a centre or individual may be suspected of malpractice, Trinity will aim to minimise any inconvenience caused to any affected candidate, and would like to thank candidates, teachers and centre staff for their kind co-operation in reporting any suspected incident of cheating, thereby assisting Trinity in upholding the quality and integrity of its exam process.
